Spain / BARS & CAFES

The Best Bars in Palma de Mallorca, Spain

While perhaps not quite on par with its neighbours [Barcelona](#) and [Ibiza](#), when it comes to nightlife [Palma](#) certainly holds its own. From quirky little places that feel like grandma's living room to the uber-swish rooftop terraces of upscale hotels – and easy bar hopping due to the compact size of the metropolis – there's no reason to go home early.

Sushi Bar Rooftop Terrace, Hotel Sant Francesc

Set atop the seriously upscale [Hotel Sant Francesc](#) – a remodelled 19th-century mansion – the Sushi Bar oozes contemporary chic. Its roof terrace, with pool bar and lovely views of neighbouring Sant Francesc Basilica, is open to non-residents from 8pm for posh cocktails and sushi. If you can slip in earlier, it also makes a fantastic spot to enjoy a sunset over the city.
