# Top 10: the best boutique hotels in Palma

BY: ANNA NICHOLAS & ANNIE BENNETT

An expert guide to the best boutique hotels in Palma, featuring the top places to stay for elegant buildings, stylish rooms, exquisite statement art (including work by Joan Miró), showstopping rooftop pools, luxurious spas, destination restaurants and central locations.

## Sant Francesc Hotel Singular

PALMA DE MAJORCA, MAJORCA, SPAIN

This five-star boutique offers stylish rooms, a calm atmosphere and attentive service. It's situated on a small square dominated by the Sant Francesc Basilica in the centre of Palma with shops, cafés and restaurants nearby. Inside, many original features of the 19th-century building have been preserved, including the main staircase. Pale natural hues contrast with charcoal and chocolate tones to lend a contemporary, urban feel. The original domed water tank in the basement is a gym and a soothing space for a quiet hour of yoga. But in the summer, it's the rooftop pool and bar that steal the show. In warm weather you are likely to spend most of your time sipping cocktails up here.
